

TriAkar, Business Knowledge

Upload this file into WhatsApp Business > Business tools > Meta Business Agent > Knowledge > Add document.

This file holds **facts only**. How the assistant should speak, what it should ask, and what it must never say goes in the **Instructions** box separately, not here.

Every fact below matches the live website. If something changes on the site, change it here and re-upload, otherwise the assistant will confidently tell a customer something false.

Who we are

TriAkar (त्रिआकार) is a premium Indian 3D printing and design brand, founded in 2024.

We design and manufacture home decor, wall art, personalised gifts, corporate gifting, replacement parts, desk and utility products, and fully custom objects. Every item is printed fresh after the order is placed. Nothing sits on a shelf.

We manufacture our own products. We are not a marketplace and not a reseller.

Tagline: Crafting the Third Dimension. Positioning: Made in India, Designed for the World.

We are also on Amazon and Flipkart, but the custom and personalised options are only available by ordering directly.

Locations

Greater Noida West studio, walk-ins welcome

Shop No. 25, Karan Singh Market, Chhoti Milak, Greater Noida West, Uttar Pradesh 201307. Near Cherry County and Ek Murti Chowk.

Customers can walk in, browse, and see finished pieces in person. Same day pickup is available for customers who live nearby.

Sohna Branch, Gurugram

Flora Avenue 33 by Breez, Sector 33, Dhunela, Sohna, Haryana 122103.

This is a **branch**, not a studio and not a showroom. Never call it a studio. Never invite anyone to come and browse there.

It serves Gurugram, Sohna, Sohna Road, Badshahpur, Bhondsi and Manesar with home delivery. Pickup is possible only after the order is ready and a time has been fixed on WhatsApp beforehand.

If someone wants to walk in and look at pieces, send them to the Greater Noida West studio.

Hours, both locations

Monday to Saturday, 11 AM to 8 PM IST. Closed Sunday.

 - Corporate gifting, branded and bulk, minimum 10 pieces
 - Replacement parts, recreating broken plastic parts
 - Desk accessories and utility products
 - Custom manufacturing, prototypes, scale models, mechanical parts
 - Product prototyping with design included
-

Materials and machines

We have every common material available, and high-end quality FDM machines. We do not discuss machine model numbers.

PLA+ is our standard. It is made from corn starch rather than petroleum. Strong, smooth, premium finish, safe for indoor use, and more eco-friendly than standard plastics.

We also stock **PETG**, **ABS**, **ASA** and **TPU**.

Which material suits what:

Use case	Material
Decor, gifts, name plates, anything indoors	PLA+
Inside a car, kitchen, near heat, near a geyser	ABS or ASA
Outdoors, balcony, direct sunlight	ASA or PETG
Carries weight, gets pulled, machine parts	PETG or ABS
Needs to bend or grip, rubber-like	TPU

Accepted 3D file formats: STL, OBJ, STEP, 3MF, F3D. Customers should send them as a document, not as a photo, because WhatsApp compresses photos.

Customers do not need a 3D file. A reference image is enough, and we do the design.

Honest limits of 3D printing

These are true and should be said before an order, not after.

- **Size affects price more than anything else.** Cost scales roughly with volume, so making a piece slightly smaller drops the price a lot.
 - **Fine layer lines are visible up close.** The finish is smooth and premium, but this is 3D printing, not injection moulding.
 - **PLA+ softens inside a closed car in Indian summer.** Car pieces need ABS or ASA.
 - **PLA+ degrades in direct sunlight over time.** Outdoor pieces need ASA.
 - **Very thin or spiky parts break easily.** They need to be thickened.
 - **Text below roughly 4 to 5 mm letter height does not print legibly.**
 - **A photo does not become a full 3D face or bust.** A photo becomes a flat relief or a lithophane, which looks beautiful. A true 3D model has to be modelled separately.
 - **Overhangs need supports, which can leave a faint mark.** We hide these in the design.
 - **We do not recommend 3D printed items for repeated food contact,** because layer lines can hold bacteria. Decorative and dry use is completely fine.
 - **Single colour is standard.** Multi-colour is possible but costs more and takes longer.
 - **Anything that must fit an existing object needs a measured dimension, not a guess.** This is the single most common cause of a reprint.
-

Prices

All prices are in Indian Rupees.

- General range: ₹149 to ₹5,000 and above
- Replacement parts: from ₹299
- No minimum order. We make single pieces, that is completely normal here
- Corporate and bulk: from 10 pieces, with better pricing

Custom pricing depends on size, material, detail and quantity. Small custom items usually start around ₹300 to ₹500. Larger decor pieces go above ₹2,000. An exact price needs a reference image and a rough size, or the customer's own 3D file.

Prototyping plans, fixed price, design included, all plus 18% GST

Plan	Price	What it covers
Starter	₹2,999	One functional part or open-frame prototype, PLA+, up to 15 cm cube
Enclosed Box	₹4,999	Fully enclosed box built to spec, 2 design revisions, up to 23 cm cube
Multi-Part	₹8,999	Assembled multi-part enclosure with snap fits, screw bosses and vents, 4 revisions, PLA+ or ABS, up to 28 cm cube
Full Development	₹14,999	Complete 4 to 6 part assembly, 5 revisions, multi-colour, dedicated design call

R&D wastage during the design stage is absorbed by TriAkar, not charged to the customer. Details: <https://www.triakar.com/prototyping>

Delivery

Normal delivery is 3 to 6 working days across India. Working days exclude weekends and festival holidays.

- Delhi NCR is often faster, usually 1 to 3 days
- Free shipping on orders above ₹999
- Studio pickup at Greater Noida West is free, and same day for customers who live nearby
- Sohna Branch covers Gurugram and nearby areas with home delivery, and pickup only by prior confirmation once the order is ready

Urgent orders: we can have a piece ready within 24 hours. An urgent charge applies, and the exact amount is confirmed case by case.

Custom orders: a quote comes within 24 hours. Most custom parts are ready in 48 to 72 hours after the customer approves the design.

Payment

We accept UPI, credit cards, debit cards and net banking, all through Razorpay.

We do not offer Cash on Delivery. The reason is that every piece is made to order specially for that customer. Nothing goes out of existing stock, and once a customer's name or design is printed on a piece it cannot go to anyone else.

Payment is always through a Razorpay link, never to a personal UPI number. A GST invoice is available, customers just need to share their GSTIN.

Policies

7-Day Reprint Guarantee. If an item arrives damaged or incorrect, the customer sends a photo within 7 days and we reprint and reship it free.

Returns. Standard products can be returned within 7 days if unused and in original condition. Custom orders are not refundable once the design has been approved.

Cancellation. Once an order is confirmed and paid, it cannot be cancelled, because the piece is made only for that customer. Customers should check items, quantity, spelling and address carefully before paying.

Design approval. We show the customer the design before printing. Nothing goes into production until they are happy with it.

Confidentiality. A customer's design stays theirs. We do not share it or publish it without their permission. A formal NDA can be arranged on request.

Reviews

5.0 out of 5 from 13 reviews on our Google Business Profile for the Greater Noida West studio. Verified customer reviews are also published at <https://www.triakar.com/reviews>

Common questions and the correct answers

Where are you located? Our studio is at Shop No. 25, Karan Singh Market, Chhoti Milak, Greater Noida West, UP 201307, near Cherry County and Ek Murti Chowk. Open Monday to Saturday, 11 AM to 8 PM. Walk-ins welcome.

Are you in Gurugram? Yes, we have our Sohna Branch at Flora Avenue 33 by Breez, Sector 33, Dhunela, Sohna 122103. It covers Gurugram, Sohna Road, Badshahpur, Bhondsi and Manesar with home delivery. It is a branch and not a showroom, so pickup happens only once the order is ready and a time is fixed. To see pieces in person, visit the Greater Noida West studio.

How long does delivery take? Normal delivery is 3 to 6 working days across India, weekends and festival holidays excluded. Delhi NCR is often faster.

Can you do it urgently? Yes, we can have a piece ready within 24 hours. An urgent charge applies and we confirm the exact amount.

Do I need a 3D file? No. Just share a reference image and we take it from there. If you do have a printable file, send it as a document and we will check it and give an exact price.

What material do you use? Which machine? We have every type of material available and high-end quality FDM machines. PLA+ is our standard, made from corn starch. Tell us where the piece will be used and we pick the right material.

Do you have Cash on Delivery? No. Every piece is made to order specially for you, so payment is online through Razorpay, with a GST invoice. If you live nearby you can also pick up from the studio.

How much will my custom item cost? It depends on size, material, detail and quantity. Share a reference image and rough size, or your 3D file, and we give an exact price.

Can you recreate a broken plastic part? Yes. Send 2 or 3 photos from different angles, and one photo with a ruler or a coin next to it for scale. Parts start from ₹299.

What is the minimum order? There is no minimum. We make single pieces, that is completely normal here. Corporate and bulk start at 10 pieces with better pricing.

Do you do corporate gifting? Yes, from 10 pieces, with custom logos, bulk packaging and personalised items. Share your company name, quantity, deadline and logo file and we put together options.

Can I return an item? Standard products within 7 days if unused and in original condition. Anything damaged or incorrect is reprinted free under our 7-Day Reprint Guarantee. Custom orders are not refundable once the design is approved.

Can I cancel my order? Not once it is confirmed and paid, because the piece is made only for you.

Will it look like my reference? We show you the design before printing, so there are no surprises.

Is my design confidential? Yes. We do not share or publish it without your permission, and we can arrange an NDA.

Do you give a GST invoice? Yes, just share your GSTIN.

Are you on Amazon and Flipkart? Yes. Ordering directly gets you the custom and personalised options the marketplaces do not carry.

Can I visit? Yes, walk-ins are welcome at the Greater Noida West studio, Monday to Saturday, 11 AM to 8 PM, closed Sunday.
